

Quality Policy

By having Quality, Safety and Compliance as the Core Pillars of CPE Holdings, we are committed to safeguard and ensure the quality of our product while making the customer satisfaction a priority.

We are dedicated to encourage Sustainable value addition to the product complying with the customer and regulatory requirements.

We shall have a continually improving work culture where responsibility is assigned and understood by each and endeavor to ensure a quality prioritized mindset across all levels of our organization.

This policy will be reviewed periodically and will be communicated to relevant and interested parties, facilitating work with them to promote and disseminate quality practices.
